***Allowable Subject Matter***

1. Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or fairly suggest a heterojunction thyristor device including an anode terminal, a cathode terminal, a first injector terminal coupled to a first quantum well channel disposed between said anode terminal and said cathode terminal, and a second injector terminal coupled to a second quantum well channel disposed between said anode terminal and said cathode terminal, a bias elements that operate said heterojunction thyristor device in a substantially linear voltage gain over a range of electrical, signals supplied to at least of said first and second injector terminals for output to at least one output node, and other elements in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
